# Boutique International: Where Design Meets Industrial Scale

43 Years of Excellence in Global Apparel Manufacturing

# 43 Years of Manufacturing Excellence

Established in 1983, Boutique International (BIPL) has evolved into one of India's premier garment manufacturing and design powerhouses.

Bridge the gap between **creative vision** and large-scale production.

Manage the entire lifecycle from first sketch in our **London Design Studio** to final delivery.

Operating out of three state-of-the-art facilities in **Noida (Delhi NCR)**.

# Scale and Production Capacity

Our infrastructure is built to support the requirements of the world's most demanding retailers with precision and speed.

### Manufacturing Space

**150K**

1,50,000 sq. ft. of advanced manufacturing space across multiple state-of-the-art units.

### Monthly Capacity

**500K**

1,500+ machines delivering 500,000 pieces per month for global high-volume retailers.

### Design Innovation

**100**

Developing an exclusive range of 50–100 new styles every month to match global trends.

# Leadership and Expertise

Our teams are headed by expert managers who control the entire process to ensure the best quality product within the timeline.

# End-to-End Integrated Services

We in-house different facilities from initial design to final delivery, ensuring total control over quality and timelines.

**01 Design & Development**

London-based design house creating 100 samples monthly with Tukatech CAD systems.

**02 Order Management**

Entire business flow controlled by an intensive, proprietary ERP system until Ex-Factory.

**03 Fabric & Accessories**

Specialists in sustainable materials with an in-house fully equipped testing laboratory.

**04 Production**

Operating out of 3 manufacturing units with 1,500+ machines for industrial scale.

**05 Global Delivery**

Flexible shipping options including the FOB and CIF.

# Design and Product Development

Our sampling room is dedicated to professional and precise sample making, churning out close to 100 samples every month.

01

## Precision Sampling Room

- Pattern making and grading on **Tukatech CAD** system.
- Equipped with **40 Juki lock stitch machines** for production quality samples.
- Specialized teams for hand embroidery and intricate artwork.

02

## Global Trend Integration

- London-based design house ensuring alignment with international trends.
- Creation of **50–100 new styles** every month for exclusive ranges.
- Bridge between creative vision and industrial feasibility.

# ERP Driven Order Management

Intelligence and speed are at the core of our operations, ensuring that every order is tracked with proprietary digital systems. Entire business flow controlled by an intensive, **proprietary ERP system** recognized for the fastest lead times out of India.

# Fabric and Accessories Expertise

Our fabric store spread over an area of more than 30,000 sq. ft., housing thousands of meters of greige, dyed and printed fabric.

Specialists in **sustainable Cottons**, Viscose, Polyester, Jersey, and complex blends.

In-house fully equipped laboratory for conducting **extensive tests** and quality checks.

Adherence to the **4 point system** of checking all in-house fabric for total quality control.

Extensive sourcing setup across **India (NCR, Gujarat) and China** for diverse materials.

# The BIPL Production Edge

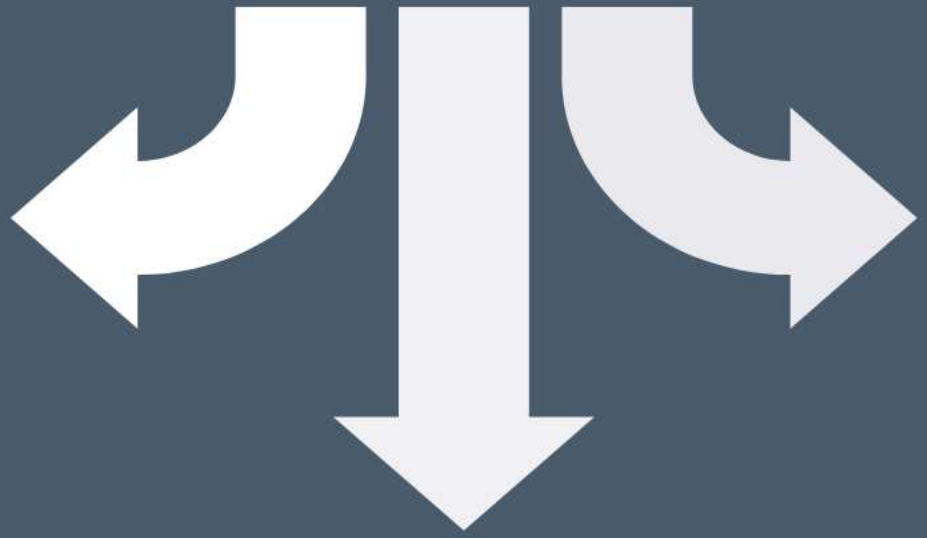

Operating out of three state-of-the-art facilities in Noida (Delhi NCR), we offer the infrastructure required by the world's most demanding retailers.

# Flexible Global Delivery Partners

We provide a frictionless sourcing experience for international buyers, ensuring full compliance and flexible delivery across global markets.

### Ex-Factory

Standard delivery from our state-of-the-art manufacturing units in Noida.

### CIF Delivery

Comprehensive Cost, Insurance, and Freight delivery to your destination port.

### Ex India / Ex-Port

Handling logistics up to the international shipping hub in India.

# Trusted by Global Retail Leaders

Our strength lies in our variety and our architecture of quality, serving everyone from online trendsetters to high-volume retailers.

Serving online trendsetters like **asos** with rapid style turnarounds.
